"For over 8 years, I have seen first hand the commitment Trish Dixon has for Education and Public Safety. Trish has been instrumental in keeping D.A.R.E., Resource Officers at our Middle Schools and the Police Science course at Milpitas High School. The district has made significant cuts and Trish has worked with us to build strong partnerships to maintain these programs for our children. Trish has always been supportive of our schools and educational opportunities for everyone. I look forward to continuing to work with Trish Dixon, an experienced, dedicated leader."
